

# The Perfect Cup of Cocoa

The perfect cup of cocoa  
Is rich and chocolatey,  
And always warm, but not too hot—  
A steaming chocolate sea.

The surface is enclosed beneath  
A thick marshmallow mound,  
Which melts into a gooey cloud  
Without the slightest sound.

A whipped cream swirl extends beyond  
The surface of the cup,  
And chocolate sprinkles add  
The perfect touch to dress it up.

The perfect cup of cocoa  
Is like an old best friend—  
It's warm; it's sweet; it's such a treat  
And yummy till the end.
